Improvements to the Sandy ground at Hassan

With reference to your letter No L 4406/M1 102-42-47 dated 29-10-42 enquiring whether the establishment, tools and plant charges were not included in the original estimate &c I have the honor to state that in the original estimate which is scrutinised by the Executive Engineer the establishment, tools and plant charges have not been included The Executive Engineer has not intimated as to why this was left out However from the revised estimate it can be seen that the excess is due to the inclusion of establishment, tools and plant charges amounting to 450/- and increase in the contingent charges

The Municipal Council of Hassan has agreed to meet the excess cost of Rs 240/- out of the closing balance of the current year I request that a like sum may be sanctioned as Government grant as previously recommended

A copy of the resolution of the Municipal Council together with the countersigned original and revised estimates is enclosed

A sum of Rs 1,240/- was sanctioned from out of the T P grant for 41-42 for the improvement of shandy ground at Hassan at an estimated cost of Rs 2,480/- of the other half was met by the local mu cl

It is now reported that the estimate for the above work has been revised to Rs 2960/- involving an excess of Rs 480, as, it is said, that the E T P charges were not included in the former estimate and that the inclusion of this item has resulted in the revision of this estimate The Executive Engineer, the D C reports, gave no reasons as to why the E T P charges were not included in the estimate framed previously

The D. C recommends that the excess of cost of Rs 480/- now involved in this behalf may be met by the part of the local mu cl authorities, the work in question being met out of the closing balances of the
